

I heard that the Sinclair Broadcasting is planning to force their stations to air an anti-Kerry program days before the presidential election.

It does not matter if it is an anti-Kerry or anti-Bush it has the appearance of direct electioneering by a corporate media giant using free public airwaves.

Please look into these allegations and if true enforce the laws which prevent this type of smear campaign using public airwaves and the need to give equal time (and at the same time zone) to all Presidential candidates.

Also Sinclair's actions show why we need to strengthen media ownership rules. It seems that we are going back to the Hearst era and yellow journalism
Thank you.
